### STEP 1

Use memory wire cutters to cut three loops of memory wire.

### STEP 2

Use the Memory Wire Finishing Pliers to turn a loop in one end of the memory wire.

TIP: Hold the Memory Wire in the very back of the jaws of the pliers.

### STEP 3

String on your design using the photo as a guide. String on a section of beads, one cord end, the bolo leather, another cord end, and a section of beads. Use the jump rings to attach the MOJO charm, the Suero cactus charm, and a JJB dangle.

### STEP 4

Leave about .5 inches, and cut the end of the memory wire with the memory wire cutters. Turn the end into a loop with the Memory Wire Finishing Pliers.
